

Welcome to

ST PANCRAS

St Pancras Catholic
Primary School

This is St Pancras Catholic Primary School.

When you start at St Pancras, you will be in Rainbows Class.

We hope you enjoy looking at the photos of the Early Years classroom.

We can't wait to meet you!

This is our carpet area, where you will sit and listen to your teacher.

In Rainbows, you can hang your coat and bag on your own peg and will have your own tray to put all of your work in.

The classroom is always set up with lots of activities for learning and to explore.

During free choice play, you will get to explore these areas:

The **writing and mark making area** to develop our reading and writing skills. We also do lots of daily hand gym activities to help support our pencil grip and hand muscles.

The **small world** area to develop social skills, interaction and imagination.

The **maths area** to support counting and number recognition.

The **creative area** to develop our imagination and ideas.

The **construction area** to design and build models.

The **investigation area** to explore and observe the wider world

Our teachers are so proud of us and will always share our work on 'Our Gallery' in the classroom for everyone to see!

‘The garden’ is our **outside area** to support our gross and fine motor skills and physical development.

We love getting messy in our new mud kitchen and making mud pies!

The Rainbows classroom has 2 toilets and 2 sinks to wash our hands.

At play time and lunchtime, you can play outside in the big playground and on the green, all weather surface.
